## CHOOSE YOUR PROJECT

Start with our standard projects, or make a totally unique and/or seasonal piece that fits in your budget!

So you have decided to participate... fantastic! Selecting the project that best reflects your office culture is an easy process.

You can choose from standard project ideas that encompass herb, miniature, annual or edible gardens or design a totally unique idea that creates your vision and operates within your budget.

We can create a personalized prototype for you to offer your team members.

## START PROMOTING

We will work with your event planner to facilitate the promotional material you will need to get your team members signed up.

We want your workshop to be a successful event. Your package will include;

- Posters for your office common area
- Sign up sheet
- Facebook ready AD

After your successful event, we will give you a **shout out** on our social media for your participation!

We can accommodate groups of 40 or more at your office. However, if you would like to **take advantage of our tropical environment** and space we can host you here. The best part, no mess for you to worry about.
