

**Salisbury Photography Program**

To our local photographers; we're so glad you're here! It's a privilege to be a shared creative space for you, and we appreciate your ongoing support. Our goal is to ensure that your photography experience is positive, easy to navigate, and respectful of the greenhouse environment.

**OVERVIEW**

Our photography policy at Salisbury is aimed at anyone visiting our store with the primary intention of taking photographs and is intended to provide structure for both photographers and our team members to ensure an enjoyable experience for all.

**HOW IT WORKS**

**Select a day and time on our Booking Page**

**Check-In Process:** Depending on your type of photography, you may need a lanyard and to check in with our team.

<b>DO I NEED A LANYARD?</b>		
<b>PERSONAL- USE, SMARTPHONE</b>	<b>PEROSNAL- USE, CAMERA</b>	<b>PROFESSIONAL- USE</b>
<p><b>No.</b> You don't need a lanyard. Photos taken casually with a smartphone, for personal use only. Please enjoy the space while being mindful of customers and staff.</p>	<p><b>Yes.</b> You do need a lanyard. Photos taken with a designated camera for personal use. Please check in at our Information Booth in the Greenhouse. We'll go through our Photography Terms + Conditions, assign you a start and end time and issue you a lanyard.</p>	<p><b>Yes.</b> You do need a lanyard. Photos taken with a smartphone or designated camera for professional use. Professional use can include family sessions, engagement or couple shots, Promotional, branded, or commercial work, headshots, modeling or anything of the like. If you'll make money off the photos or their use, we consider you a professional. Please check in at our Information Booth in the Greenhouse. We'll go through our Photography Terms + Conditions, assign you a start and end time, collect any fees and issue you a lanyard.</p>

DETAILS		
GROUP SIZE	STORE CAPACITY	EXCLUSIONS
Unfortunately, we cannot accommodate groups larger than 10 people. We're sorry – our aisles just aren't big enough! Groups include everyone associated with the photo-taking session.	Our max capacity for photo taking is 10 people at any given time. We track our capacity on our Photography Sign-in Sheet located at the Information Booth, and we admit new people as they leave, one for one.	Unfortunately, we cannot accommodate photos taken group sizes above our capacity. Large extended-family shoots, or events requiring staging/props beyond the allowed amount.

Our photography policy applies to anyone visiting Salisbury with the primary intention of taking photos. It provides structure for photographers and helpful guidelines for our team.

### Reservations

- We open reservations **one month at a time**, booked on a first-come, first-served basis.
- Professional photographers **must** book in advance.
- Personal-use camera sessions are **required** to book to avoid capacity issues.

Rates				
PHOTO PURPOSE	1 HOUR	2 HOURS	4 HOURS	8 HOURS
Personal-Use, Smartphone	-	-	-	-
Personal-Use, Camera	-	-	-	-
Professional- Use	\$50	\$100	\$200	\$400

**1. Keep Aisles Clear:**

Please stay to the side when not actively shooting so customers can move comfortably through the greenhouse.

**2. Share the Space:**

Some locations are popular—please limit time at each spot and remember that privacy cannot be guaranteed.

**3. Do Not Move Displays or Merchandise:**

Our team works hard to curate the space. Please photograph items as they are arranged.

**4. Outfit Changes:**

We ask that outfit changes be kept to a minimum. If you need access to a fitting room, please disclosed at the time of booking so we can reserve a fitting room for you (Sherwood Park location only). Use of washrooms as changing areas is strictly prohibited. No portable changing tents permitted.

**5. No Props:**

Props are not permitted. Please don't use tables, shelves, or displays as work surfaces.

**6. Do Not Sit on Furniture Displays:**

These pieces need to remain clean, undamaged, and available to customers.

**7. Respect the Light – Natural Light Only:**

Salisbury is an active, working greenhouse, and our plants rely on natural light conditions. The use of external lighting—including flashes, strobes, light wands, or continuous studio lights—is **not permitted**, as additional light exposure can affect plant growth and overall crop health. Please use natural light only while photographing inside the greenhouse.

**8. Parking Courtesy:**

For groups, please consider carpooling to keep parking available for customers.

**9. Location Credit and Social Media Tagging:**

Any images, video, or other visual content capture on the Greenhouse property must clearly credit the Greenhouse. This includes tagging the Greenhouse's official social media accounts where platforms allow tagging, and written acknowledgement of the Greenhouse in the caption or accompanying text.

By signing the application, photographers agree to follow these Terms & Conditions. If the guidelines are not followed, Salisbury reserves the right to ask you to leave and may restrict future photography privileges.
